Since 2008

ABOUT US

Established in Dubai in the year 2008, Orient Arts Interiors is a one-stop turnkey solution provider for all Interior Design, Fit-Out, and Joinery Works. We specialize in delivering precision Fit-Outs to all areas of the interior using retrospective designs. Our close-knit team of designers, architects, and engineers are able to translate client ideas into successful projects that work both aesthetically and commercially.

Our in-house Joinery provides us an upper edge over quality, time and cost commitments.

Time management, material management, and people management are the key components of turnkey projects that our teams are adept at handling.

Over the years we have successfully completed several projects all over UAE and complete MENA region. And to ensure complete peace of mind, we provide added value long after the handover of the project by including post-delivery service and maintenance.

MISSION

Our Mission is to provide the best of our services to gain clients satisfaction and confidence. Cost effective timely delivery of services forms an integral part of our specialty.

VISION

Our Vision is to become one of the most talked about and demanded design and build firm in the region.

OUR SPECIALITY

We are a full fledge interior design and Fit-Out company with expertise starting from managing all government related Approvals, Design, Fit-Out , Furnishing until final completion and handover of the project on agreed cost and time.

Health & Safety

Orient Arts Interiors recognizes its responsibility to our employees, clients, associates, subcontractors as well as our community and overall environment.

We have set HSE standards for ourselves to assure all employees a safe place of work. We constantly strive to better our work to achieve our goal of zero incidents, with no lost time or reportable injuries, no environmental incidents, or property damage, and the smallest “environmental footprint” feasible.

This policy is signed by the top management of Orient Arts Interiors and will be prominently displayed in our offices and on our sites. To this we secure the following commitments and actions:

- Compliance with HSE International and Local regulations, and Standards.
- Project hazard identification, evaluation, and risk assessments in order to eliminate operational hazards.
- Development, documentation and implementation of relevant procedures.
- Providing adequate information, training, instructions, and supervision for employees to promote their awareness and understanding of HSE issues.
- HSE management of contractors and suppliers shall act in line with this policy. In addition, we expect our contractors and suppliers to join us in following these HSE principles.
- Implement reliable and effective measures to reduce risk of injuries, pollutions, occupational illness and property damages.
- Design, build, operate and maintain its projects/facilities for safe operations and provide resources that protect people, assets, environment and safeguard Orient Arts Interiors.
- Build employees’ and contractor’s capabilities and knowledge to continuously improve HSE performance, best practices and ultimately achieve the desired HSE culture.
- Establish effective preparedness and response at all times to deal with emergency and crisis situations.
- Review systems, controls, processes and technology to maintain HSE integrity and to remain relevant and appropriate to Orient Arts Interiors.

Orient Arts Interiors' commitment to health, safety, and environmental protection are understood in all the organizations and implements this policy via HSE Management System which aims to continual improvement by defining related responsibilities through the organization. Therefore it is imperative that all employees at all levels and contractors fully understand and strictly adhere to this policy at all times.

Environment Responsibility

It is the policy of Orient Arts Interiors to operate its company in a manner that recognizes its responsibility to and for the environment. Therefore, the company is fully committed to pursuing and practicing the best environmental practices whenever possible.

This policy is signed by the top management of Orient Arts Interiors and will be prominently displayed in our offices and on our sites. To this we secure the following commitments and actions:

- Compliance with Environmental International and Local regulations and standards.
- Establish sound environmental objectives and targets and a process of reviewing them.
- Development, documentation and implementation of relevant procedures.
- Use of Environmentally sustainable technologies and practices during our planning, designing and decision making processes.
- Making this policy available to the public.
- To minimize the use of all materials, supplies and energy.
- Wherever possible, touse renewable or recyclable materials.
- To monitor and record our environmental performance annually, relative to our policies, objectives, and targets.
- Undertaking all operations in an environmentally conscious manner that proactively protects the environment from harm or damage
- Recognizing that we have an impact on the communities and local environment in the areas in which we work, and to manage our activities to minimize their effects with particular regards to noise, dust, litter, transportation, and parking.
- Implementing, communicating and maintaining a documented HSE Management System that is clear, concise and understood by all.
- Providing training and awareness to all employees, subcontractors, clients in regards to the sensitive environmental conditions we work within and must maintain them.
- All employees, subcontractors, clients, vendors and suppliers are responsible for ensuring that the protection of the environment is a major consideration at all times.
- Ensure that adequate personnel and financial efforts are made to implement and maintain the policy within operating units.

Orient Arts Interiors' commitment to environmental protection is understood in all the organizations and implements this policy via HSE Management System which aims to continual improvement by defining related responsibilities through the organization. Therefore it is imperative that all employees at all levels and contractors fully understand and strictly adhere to this policy at all times.
